FOR IMMEDIATE RELEASE

October 28, 2025

Knight Street Closures

The City of Shreveport advises motorists that beginning Sunday, November 2, 2025, at 11:00 a.m., the northbound lane of Knight Street will be closed to traffic from Flyer Drive to South Pointe Parkway.

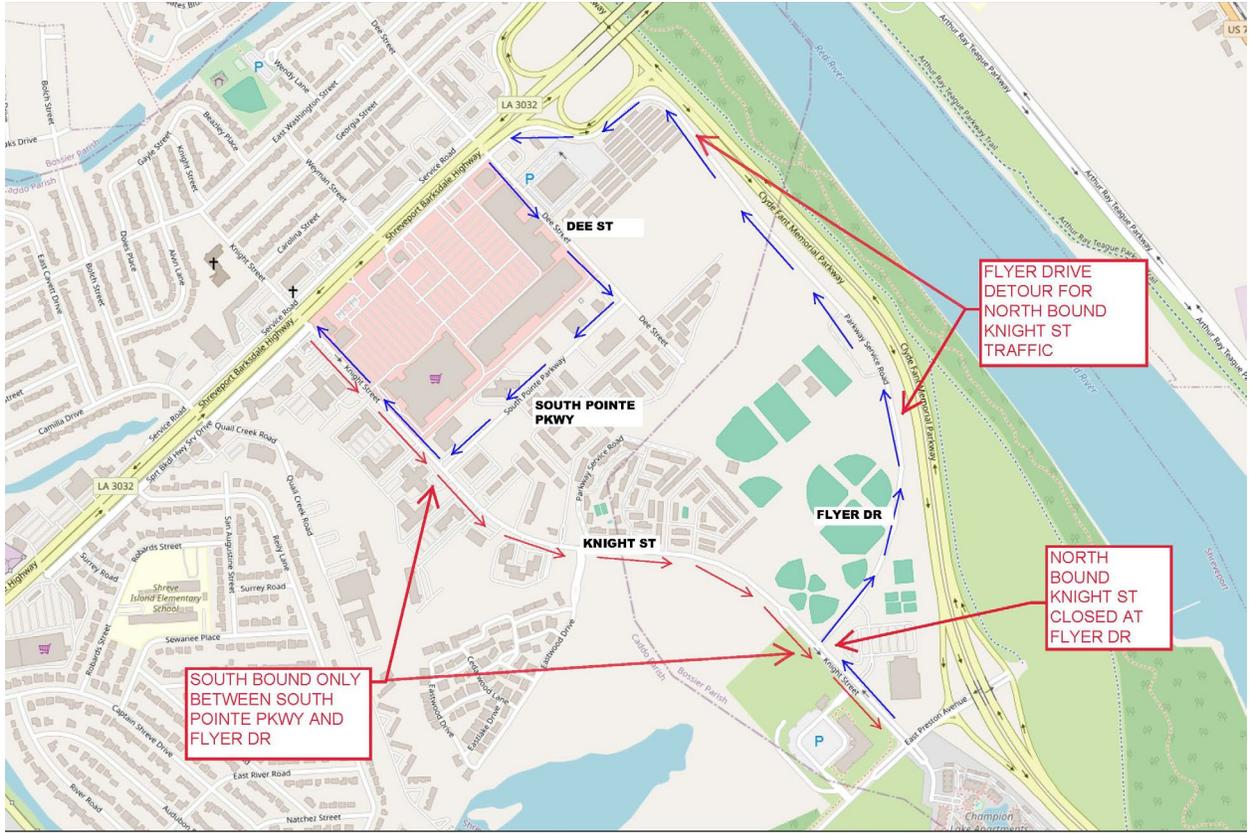

This closure is required to facilitate construction of the new northbound lane of Knight Street. During this phase of work:

- Two-way traffic will be maintained between South Pointe Parkway and Shreveport-Barksdale Highway.
- Northbound traffic on Knight Street originating from Preston Avenue will be detoured via Flyer Drive to Dee Street to South Pointe Parkway, returning to Knight Street.
- Southbound traffic will remain open in the construction zone for the duration of this phase.
- Driveways serving properties on the east side of Knight Street within the construction zone will be temporarily removed as part of the roadway work. The contractor will provide and maintain temporary driveway access to all affected properties throughout the duration of the closure.

Motorists are urged to use caution when traveling through the work zone, to obey all posted signs and detour routes, and to be mindful of workers and equipment in the area.

The City of Shreveport appreciates the public's patience and cooperation as we continue to improve our roadway infrastructure.

Any questions should be directed to City Engineering staff at 318-673-6000.
