Late Night Blaze on Easy St. Injures Citizen

Shreveport, LA — On Monday, November 17, 2025, at 11:35 p.m., the Shreveport Fire Department received multiple calls reporting a storage shed fire in the 1600 block of Easy Street. Engine 5 arrived on scene within three minutes and found a single-story structure fully engulfed in flames.

Upon arrival, firefighters were informed by a neighbor that an individual had been living inside the structure and had been alerted to the fire and rescued by bystanders prior to SFD's arrival. The victim sustained smoke inhalation and minor burn injuries and was transported by Medic 5 to a local medical facility for further evaluation and treatment.

Fire crews quickly brought the blaze under control, and no additional injuries to civilians or firefighters were reported. In total, eight units with 24 firefighters responded to the incident. The cause and origin of the fire are currently under investigation by Shreveport Fire Department Arson Investigators.
